MEMORANDUM FOR RECORD

George Denny, Department of State, sent over a request to prepare a statement to go into the record of Secretary Rogers' testimony before House Foreign Affairs in answer to a question by Mr. Fulton as to the adequacy of intelligence in connection with the POW raid and in Vietnam generally.

Mr. Houston talked to Mr. Mark in Denny's office and said CIA would be glad to coordinate on this but felt DIA should prepare the statement. Mr. Mark agreed and said State would handle with DIA. Mr. Houston told him that George Carver had the paper here and they could get together on Monday, 30 November.
